II. Guessing game.

Hide your sheet from your partner.

Say: *Je vois quelque chose....(COLOR).* – I see something _____

Your partner has two guesses to figure out which object you 'see.' *C'est?* if he/she doesn't guess – tell him/her and give yourself one point.

Take turns doing this until you have guessed all the objects on each others' papers.
Be sure to keep score.

III. Test your memory.

Go back to list of items in part I and write the color of your partners' objects. If you forgot you should ask – *De quelle couleur est ...?*

Turn in your coloring sheet and this sheet when you finish.
